DETAILED ACTION

Response to Amendment

This communication is in response to the RCE of 8/5/2009. All changes made to the Claims and Drawings have been entered. Accordingly, Claims 33-35 and 42-44 are currently pending in the application.

Allowable Subject Matter

1. Claims 33-35 and 42-44 are allowed.
2. The following is an examiner's statement of reasons for allowance:
Claim 33, 34, 35, 42, 43, and 44 are allowable over the prior art of record since the cited references taken individually or in combination fail to particularly disclose determining a deviation for each of the plurality of traffic data parameters of the user traffic data based on the comparison; weighting the deviation for each of the plurality of traffic data parameters with a predetermined weight assigned to each of the plurality of traffic data parameters; and combining each of the weighted deviations to arrive at the traffic quality ranking. It is noted that the closest prior art, Bronnimann et al. (US 20040044571), hereinafter referred to as Bronnimann discloses monitoring the effectiveness of advertisements (URLS) for a website (page 5 [0047]). However the stated prior art fails to disclose or render obvious to the above underline limitations as claimed.
